The Museum in the Park is set in the beautiful grounds of Stratford Park, Stroud where it welcomes families and children and has something to offer visitors of all ages.

Visitors are sure to find something that interests, inspires or amazes them whether they are visiting the District or have lived here for many years.

See the daring 'Dursley Pedersen Bicycle' from the 1890s or the World's first lawnmower invented by Edwin Budding in 1830.

Find out who shot the weathercock at St Mary's Church, Painswick.

Admission is free and colourful displays celebrate the rich history and heritage of the Stroud District.

You could help to make this an exciting and enjoyable experience for our visitors.
